

# ANNUAL REPORT ON GIVING

RECOGNIZING DONATIONS FROM 7/1/2024 - 12/31/2025

Dear Bridgton Academy Community,

We are excited to recognize and honor our donor family in the following pages of the Academy's *Annual Report on Giving*. This year's report encompasses all donors who made gifts between 7/1/2024-12/31/2025. This year-and-a-half was a busy fundraising period for the Academy as we worked to complete the Memorial Gymnasium floor project and also launched our new Wolverine Opportunity Scholarship Fund. With many members of the Wolverine family stepping up to support both projects, we have together created powerful giving momentum for Bridgton Academy, helping to open doors to life-changing opportunities for students of the future.

After two decades working in fundraising and engagement for the Academy, I have developed a short set of truths that guide me every day in my work. Fundamentally, for me, it boils down to the very true fact that Bridgton Academy is a special place, working on a unique and dedicated mission that truly makes a difference. How do I know it makes a difference? Because I am a part of a staff community that sees this difference every day in ways both large and small, and, because I have the opportunity to hear your stories day in and day out on the difference that Bridgton Academy made for you.

Over the years, I have heard many incredible stories. Some of my favorites are told by older folks who get a twinkle in their eyes recalling some shenanigans that took place over half a century ago. There are stories that are happy and sad, joyful and tearful. There are many Bridgton stories that illustrate changing times in our history. I recall speaking with an alumnus, who has now passed, who vividly recalled listening to the attack on Pearl Harbor on the radio in the common room of Cleaves Hall. This alumnus shared his recollections of young men running up the stairs to pack their bags and leaving that afternoon to drive to their local

recruitment offices. Stories of hitchhiking, of protests, of changing hairstyles, cars, and music. When a school has endured for 218 years, that is a family in and of itself—our Bridgton Academy family.

I see the positive difference in the young men who come to Bridgton Academy, young men who leave ready to be solid citizens, caring individuals, and difference makers. As a mother of a teenage boy myself, I see in the Bridgton boys young men who I hope my son can grow to emulate. Young men who look you in the eye, ask how you are, and offer to lend a helping hand. These are the Wolverines that are grown here in North Bridgton.

Giving to a cause can be hard in today's day and age. Life is expensive, the priorities out there are many, and the need is great. That said, from someone who has the opportunity every day to witness the Bridgton story, I can whole-heartedly assure you that your support matters here. You make a difference. You make a positive impact. And you create a community where young men have the opportunity and safe space to thrive, learning to teach others to thrive in turn.

Thank you for making a real difference for the Wolverines of today and tomorrow.

Jessica Priola, CFRE  
Director of Institutional Advancement

# BRIDGTON BASKETBALL

## WHIT LESURE COURT DONOR RECOGNITION

During Homecoming Weekend 2025, Bridgton Academy proudly unveiled the newly dedicated Whit Lesure Court, recognizing Coach Lesure's commitment, mentorship, and dedication to the mission and work of Bridgton Academy. It was a truly special day in the Memorial Gymnasium as friends, alumni, staff members, and family gathered to celebrate the completion of this historic project and the recognition of Coach Whit Lesure.

With the sudden passing of Coach Lesure earlier this winter, the Academy feels grateful to have had this moment of celebration and recognition with Whit, who gave so much of himself to the mission and efforts of Bridgton Academy. During his court dedication speech, Whit shared,

*“Fundamentally, BA is about the moment, the now, and the future. The next play in sport vernacular. The substance is the guys and the brotherhood that our community has the opportunity to experience...No one has been luckier than I to coach the players that have made up the 28-years of my time...We have a short year to truly become a team. It won't be easy; it shouldn't be easy. The fun part, the challenge, is the opportunity to do it. Their journey, our season, my lifetime all in with them is the greatest reward.”*

After opening its doors in 1959, the Memorial Gymnasium hosted over 60 years of Bridgton Academy student-athletes on its original gym floor. Through the support of many generous donors, the Academy was proud to install a new, modernized court floor in 2025. This extensive project, including a partnership gift from Kevin Hancock and Hancock Lumber Company, honors the past, modernizes the present, and paves the way for future excellence in Bridgton athletics. We are incredibly proud that our new Whit Lesure Court stands as a tribute to a beloved faculty member who left a legacy that extends far beyond Wolverine Basketball.

Our sincere thanks and recognition to all of these donors who helped to make this historic project possible:

## DONOR PROFILE: MATT AND BETH GELLENE P'24

Our son's year at Bridgton was an important time of personal growth both athletically and academically. The support and guidance from teachers, counselors and especially Coach Whit, were critical drivers of his current success. We contribute to Bridgton to show our gratitude and so other young men have the opportunity to enjoy this unique and exceptional experience.

## **DONOR PROFILE: GUY BEAUDOIN '94**

Bridgton Academy provided the confidence, discipline, and habits that shaped me during a critical and impressionable stage of becoming an adult. The all-boys setting allowed me to focus, grow, and discover my abilities in the right environment. The school saw something in me that I hadn't yet seen in myself and helped bring it out. I donate to Bridgton Academy because I believe young men today deserve that same opportunity to be cultivated into future leaders.

## DONOR PROFILE: SHAVAR BERNIER '06

Bridgton Academy was the turning point in my life. It was the first place where I found academic success, the place where I was truly tested as an athlete, and—most importantly—the place where adults saw and believed in my potential. When people ask about my time there, my response, without hesitation, is always the same: "It was the year that MADE a difference." Fletcher Carr, Bob Katz, and Whit Lesure were the anchors of my experience. I am forever indebted to them and to Bridgton for fundamentally improving the trajectory of my life.

## DONOR PROFILE: ROB PHIPPS '69

I arrived at Bridgton Academy as a properly chastised under-performing "average" student, feeling overburdened with the "he has potential" tag line. I was yet to realize that, like so many of my classmates, I was just the type of clay that BA was practiced at molding into a confident and grateful young man. The frequent one-on-one guidance and encouraged self-discipline found at Bridgton, provided just the right environment for me to finally prove to myself that I could do the work if I wanted to. I give to BA because BA gave to me and because there remains no shortage of high school graduates who deserve the opportunity to discover they need not be "average." Bridgton Academy earned my loyalty and I am pleased to be able to contribute on an annual basis.

My experience with my teachers and coaches at Bridgton Academy had a major influence on my willingness to give and support future students! The care, concern, and desire the faculty and staff had to see us move on to the next level in higher education, made my decision to give back to Bridgton an easy choice!

## DONOR PROFILE: KERRY MOORE

Bridgton Academy is a community of educators, coaches, trainers, administrators and staff members who meet these young men where they are at. They see their potential, they arm them with the tools to reach and exceed it, all the while educating and nurturing them in a safe environment. The experience at BA is truly priceless.
