Bridgton Academy's mission is to provide a program for young men in a unique, one-year postgraduate environment to prepare for the rigors of college and beyond.

Bridgton Academy

Bridgton Academy offers the nation's only postgraduate, preparatory program for young men. Each year, we welcome a cohort of 150 students who are seeking to take a transformative next step between high school and college. We are postgraduate by design: every aspect of our programming is tailored to have the greatest, positive impact on our students. The Academy has proudly prepared its students for college and beyond for more than 200 years.

PROGRAM HIGHLIGHTS INCLUDE:

- Small class sizes with a 4:1 Faculty to Student Ratio and the ability to take college credit courses. The Academy provides a structured, supportive learning environment that fosters an enthusiasm for learning.
- Our athletics have earned a stellar reputation for the ability to develop players. Our approach to athletics mirrors that of a college schedule, helping student-athletes progress to the next level.
- A supportive community in which we help our students to attain their goals and where lifelong friendships are forged.

Bridgton Academy is the year that makes the difference.
