

ANNUAL REPORT ON GIVING

RECOGNIZING DONATIONS FROM 7/1/2022 – 6/30/2023

Dear Friends of Bridgton,

In the same way we see a new class of students each and every year, every new year on the calendar brings distinct opportunities, challenges, and achievements as we work to advance the mission and good work of Bridgton Academy. One of the unique aspects of working in the Office of Institutional Advancement is that we see and hear, on a daily basis, the impact of the Bridgton experience. For a small (but mighty!) school with such an extraordinary mission, the depth and breadth of the Wolverine family is nothing short of amazing.

We hear stories of Bridgton connections regularly from all over the world. Pop on a piece of Bridgton gear sometime when you are heading to an airport and don't be surprised if you are stopped by someone! It's wonderful to see Bridgton alumni hiring fellow Bridgton alumni, mentor connections being made, and Wolverines reaching out to help others solely because of this shared experience in North Bridgton, Maine.

We are touched when we see an older alumnus faithfully send in their donation with shaky handwriting, along with a note of appreciation for the work of Bridgton well over a half-century after their graduation. It's equally meaningful to have a young

alumnus text to ask how to make their first-ever gift in support of their PG year. All of these gifts matter and truly make a difference here at Bridgton, no matter how many zeros may be attached.

Dollars are spent quickly these days, whether on groceries, streaming subscriptions, or simply filling our cars with gas. We are proud, in the following pages, to honor those who carved out a space and place in their lives to support Bridgton Academy. I hope that every one of our supporters feels good, knowing that they have truly made a difference in the lives of our students, in the mission of this school, and in supporting a shared community founded on values that foster a better future for us all.

Thank you to the Wolverine family for making so much possible.

Sincerely,

Jessica Priola, CFRE
Director of Institutional Advancement
