

Bridgton Academy

The Year that Makes the Difference

Math Teacher

Full time, 10-month salaried position available August 1, 2026.

BRIDGTON ACADEMY

Bridgton Academy, established in 1808, is the nation's leading postgraduate program for boys. In the year between high school and college, we prepare young men to achieve their goals by providing unmatched college-preparatory academic instruction, NCAA-level athletic development, and a deliberate residential campus experience that fosters personal growth, self-confidence, and the independence to be successful in college and life beyond. Our six sports are baseball, basketball, football, hockey, lacrosse, soccer, and our Wolverine outdoor experiential program.

Located in the Lakes and Mountains region of western Maine, Bridgton students and staff enjoy opportunities to study, work, and recreate in one of the most scenic places in New England, as well as enjoy a positive and rewarding work environment within our state-of-the-art campus facilities.

SUMMARY

The ideal candidate will have a deep knowledge of mathematics, including demonstrated experience in advanced algebra, statistics, and pre-calculus; experience with higher-level coursework is a plus. The candidate should be familiar with a range of instructional resources and practices in mathematics education, including curriculum development, and have a proven ability to guide students of diverse academic backgrounds toward increased confidence and achievement.

This position requires a passionate educator who can create a dynamic learning environment that encourages critical thinking and supports college readiness. Participation as an assistant coach or in other extracurricular activities may be required.

ESSENTIAL FUNCTIONS

Reporting to the Dean of Academics, the Mathematics Teacher will:

- Teach 4-5 courses each semester, for two semesters (full year).
- Serve as an advisor for a small group of students.
- Assist in coaching an athletic team or leading extracurricular activities (intramurals or outdoor experiences).
- Assist in supervising evening study hall, dormitories, and weekend campus activities (valid driver's license required).

QUALIFICATIONS AND ATTRIBUTES

- Bachelor's degree in mathematics or related fields. A master's degree, which allows for the potential to teach College Articulation Program (CAP) classes, is preferred.
- Two or more years of experience in a related professional environment, such as independent schools or colleges, is preferred.
- Excellent writing and communication skills.
- Strong understanding of, and appreciation for, the motivation and mindset of the emerging young adult male student.

- Commitment to our students, faculty, and the mission of our Academy.
- Collegiality, intellectual curiosity, a willingness to listen, as well as the ability to exercise patience, collaborate, and innovate.
- Experience as a student-athlete or coach is not required, but beneficial.

SALARY AND BENEFITS

Competitive salary commensurate with experience.

Bridgton Academy offers a robust, competitive benefits package including medical, dental, vision, short- and long-term disability, life insurance, a very generous paid time off policy, and a retirement plan with company match.

Please note: Housing may be available for full-time candidates.

APPLICATION:

For consideration, please submit a cover letter, resume, and names with contact information of professional references to **Jamie Izaryk, Dean of Academics**, at jizaryk@bridgtonacademy.org. Applications will be reviewed until the position is filled. Bridgton Academy is an Equal Opportunity Employer.

Bridgton Academy is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, age, sex, sexual orientation, gender identity, national origin, disability, veteran status, or any other status protected by law.
